

Mineral Area College **Student Login Information**

Listed below are the 3 accounts that students are expected to maintain. The information needed to login to each of these 3 accounts is included.

MyMAC Login for Students:

Ist login - Student must enter social security number on the home page of my.mineralarea.edu at the *LookUp UserName-Student ID* portlet. This will produce their student ID number.

Username - Student ID numbers (students get themselves by following directions above)

Password - New students should receive their MyMAC password (which is randomly generated) with their final acceptance letter. It is highly recommended that students change their password after their first successful login. To change the password, click the *Personal Info* link.

If you forget your MyMAC password, please click on the *Password Request Form* link at the MyMAC home page.

Please note that the username for MyMAC is NOT the same as computer/network and email.

Computer/Network (Novell) Login (Main Campus Only):

Username - can be found in *MyMAC* in the *Personal Info* link.

Password - Social Security number no dashes or spaces (students can change)

Email (Google Apps) Login:

Username - can be found in *MyMAC* in the *Personal Info* link.

Password - 1st login = social security number no spaces or dashes - immediately requires user to change their password (**new password MUST be at least six characters**).

Please note the username for Computer/Network and Email accounts are the same (Main Campus Only).

WebCT Students: check your MAC email for information from your instructor.

WebCT Help Desk: call their toll free number: 1-866-522-1472.

For further assistance,

- Email helpdesk@mineralarea.edu
- Stop by the Help Desk, Office T2 or T3, in the Technology Center
- Or call 573-518-2137
