CLAMP & GRASP Instructor Course

Don’t miss this rare opportunity to become a Certified Instructor in the CLAMP & GRASP Control System!

**CLAMP** is the highest percentage CONTROL technique being taught to law enforcement today, which means MORE officers can use the technique on more subjects SUCCESSFULLY! As experienced officers know, the majority of serious altercations with subjects end up on the ground. Because of this, officers need some basic ground survival and control skills.

**GRASP** is a ground defense course whose objective is to teach officers to get to their feet or gain control of a subject quickly. The basic techniques learned in CLAMP are incorporated into GRASP, making this a simple and highly effective defensive system to use.

This is a 5 day, 40 hour course scheduled for October 23rd to 27th of 2006. The course will be held in the Public Safety Center on the Park Hills, MO campus of the Law Enforcement Academy. Cost of the course is $300 and special on-campus housing for officers is available for $75. Graduates will also receive a sample lesson plan to help facilitate their in-service training with their departments, and information will be provided on how to apply to POST for pre-approved CEH training recognition. Also provided is a CLAMP & GRASP Instructor’s Manual and Instructor’s T-Shirt. Advanced registration is required.

Fill out the attached registration form today!
