

Allied Health Related - Medical Technology

Mineral Area College has established two articulated transfer programs with other nationally accredited programs within the region leading to an Associate of Science degree in Medical Technology with major emphasis on Respiratory Therapy or Radiology. Students may apply for the degree after successful completion of both the general education courses offered by Mineral Area College and the "Technical Component" courses offered by the cooperating institution. Students must apply and be accepted to the program operated by the cooperating institution to take the "Technical Component" courses. An application for graduation must be submitted during the first two weeks of the final semester. An exit exam is also required for all degree candidates. In addition, students must have a minimum of 15 credit hours completed at Mineral Area College.

Respiratory Therapy

Cooperating Institution: Cape Girardeau Career & Technology Center

General Education Courses	Credit Hours
is ENG133 English Composition I.....	3
i ENG134 English Composition II	3
