

Picture Release

Student Name: _____

School: _____

During the year, ETS staff has the opportunity to take photographs of the students while working in groups at our meetings or while on field trips. These pictures are sometimes used in our Educational Talent Search Newsletter which is mailed out every other month to ETS students and school officials. We also use the photos for our brochures, scrap book, web site, and on occasion they are published in the local newspaper. When pictures are used for the local newspaper, it will be related to an ETS event.

Please check either yes or no, and sign and date that section. Thank you.

____ **Yes**, I grant permission for my child to be photographed in conjunction with ETS events. ETS may use the photographs in publicity articles such as the ETS newsletter, local newspapers, or web site.
