

Course Syllabus

Course name: Act

Instructor: Don Moss

Course Description: ACT is a course that allows students to prepare for the college entrance tests with primary focuses on test taking skills and reading.

Course Objectives:

Students will:

- foster a basic understanding of the ACT Test
- Acquire test taking skills for standardized testing
- Utilize specific reading skills for each test section (English, Reading, Science and Math)
- Learn new vocabulary

Expectation of Students: Students are expected to come to class prepared, participate fully in class discussion/projects and complete all homework assignments.

Student Evaluation: Students will be evaluated on in-class participation (testing, discussion, etc), homework and group projects.
