MINERAL AREA COLLEGE PRESENT

INTRODUCTION TO 5S SEMINAR
Thursday, February 25, 12 noon to 4 p.m.

5S is a fundamental element of Lean Manufacturing and many “lean” firms have used 5S along with other Lean Manufacturing principles. In this one-half day overview participants will learn how they might achieve cost reductions, throughput increases and yield improvements using the 5S process.

Here’s what you will learn:

- **Introduction to Principles of 5S:**
  Sort, Set-in-order, Shine, Standardize and Sustain
- **Visual workplace organization**
- **How each element of the 5 S process contributes to a more productive workplace**
- **Practical steps to implement 5S in your work environment**
- **How to create a simpler and safe work environment**

**Workshop Location:** Continuing Ed Building, Mineral Area College Campus

**Cost:** $150 per person

**Who should attend:** Managers, operations personnel, machine operators, production leaders and maintenance personnel.

**Enrollment Deadline:** February 16

SESSION / ENROLLMENT INFORMATION

**Workshop Location:** Continuing Education Building, Mineral Area College, Park Hills. Directions: Take the Park Hills/Leadington Exit off Highway 67. The college is located on the east side of this exit. Turn left onto the college campus. Immediately turn left again. The second building is the Continuing Ed Building.

**Enrollment Deadline:** November February 16. Email enrollments to Bev Hickam at bhickam@mineralarea.edu. Cost: $150. Cancellations accepted through February 22, or businesses may send substitutes.
