5.01 RESIDENCY

CLASSIFICATION FOR TUITION

The college uses the student's residence to determine tuition (taxing district and out-of-taxing district of the Community College District of the Mineral Area). Students may contact Admissions or the Business Office with questions concerning residency classification. Proof of eligibility for taxing district tuition rests solely with the student. A change of address will not automatically change residency to in-district.

QUALIFICATIONS

To qualify for taxing district tuition rates, the student must:

1. Live in the taxing district for a minimum of the immediate past 12 consecutive months (P.O. Box is unacceptable);
2. Be a minor whose parents or legal guardian resides in the taxing district for a minimum of the immediate past 12 consecutive months (P.O. Box is unacceptable);
3. Be married to a spouse who resides in the taxing district for a minimum of the immediate past 12 consecutive months (Marriage license and paid tax receipt submitted as proof, P.O. Box is unacceptable);

Mineral Area College adheres to requirements beyond PL 113-146 the Veteran Access, Choice and Accountability Act of 2014, Section 702. 5.02 WITHDRAWAL AND REFUND OF FEES AND TUITION

A. WITHDRAWAL FROM COLLEGE

When a student stops attending classes or withdraws from the one and only class in which the student is enrolled, a Withdrawal/Exit Form must be submitted to the Registrar's Office. The date the official withdrawal request form is submitted to the Registrar's Office (or the postmark date of withdrawal requests submitted by mail) shall be the date used in determining any applicable refund of fees and assignment of grades.

Courses dropped during the first 12.5% of the semester are not entered on the student's permanent record. After 12.5% of a semester has occurred and until the time that 75% of the term or semester is completed, regardless of whether the student was passing or failing at the time, a "W" (withdrawal) will be entered on the student's record. A withdrawal submitted after 75% of a term has passed may result in a grade or grades of "F."

For exact dates, see Important Dates on the Mineral Area College website.

Students are expected to complete the courses for which they register. Failure to properly drop or withdraw from classes may result in the assignment of an "F" for those classes, as well as a possible financial obligation.

ARTICLE V - STUDENTS

WITHDRAWAL AND REFUND OF FEES AND TUITION - CONTINUED

To withdraw from the college, the student must:

1. Obtain and complete a Withdrawal/Exit Form;
2. Submit the Withdrawal/Exit form to the Registrar's Office for processing;

Any applicable refund will be posted to the bank account on file or issued as a paper check by the Business Office. If a course(s) is dropped after the refund period, no refund will be given. If financial aid was used to pay for the course(s), the Student may be required to return all or a portion of the money received. Students should make certain to understand all the implications when dropping a course(s) by talking to a financial aid advisor prior to dropping a course(s).

Refund Policy

Refunds for dropped courses or withdrawal from the college are based on the percentage of the term completed. Refunds vary depending on the length of the term for which a student is enrolled. A regular term is 16 weeks; however, some courses are offered in terms that are less than 16 weeks. The student billing system will automatically calculate the refund due based on the day a drop is submitted. Information regarding specific dates and the percentage of refunds allowed are published each year on the My Account Info tab in MyMAC.

B. WITHDRAWAL FOR STUDENTS MOBILIZED FOR MILITARY DUTY

Normal withdrawal procedures should be followed wherever possible. However, if a student is unable to submit the necessary paperwork to the Registrar's Office or is unable to write a letter of withdrawal, the college shall accept other notification from the student or a family member. The Registrar's Office will verify all notifications.

Refunds

The student will be allowed to withdraw without penalty from the college, and a 100 percent tuition refund will be granted upon presenting an original copy of the military orders to the Registrar's Office. If a student has been awarded financial aid, all financial aid will be cancelled by the Director of Financial Aid. Students should contact the Director of Financial Aid for more information. Students withdrawing VA education benefits should notify the VA Certifying Official of their withdrawal and orders to report to duty.

ARTICLE V - STUDENTS

WITHDRAWAL AND REFUND OF FEES AND TUITION - CONTINUED

Alternatively, incomplete (“I”) grades with no tuition reimbursement may be more appropriate when the withdrawal is near the end of the semester and incompletes are agreed to by the instructor(s), the student, and Provost. In this case, the student will be allowed to complete the coursework according to a written agreement submitted to the Registrar’s Office by the instructor. The student shall receive a full refund for textbooks purchased at the MAC Store. The College Park housing/meal plan refund will be prorated based on the actual number of days room and board were used.

5.03 INVOLUNTARY MEDICAL LEAVE

When a student’s illness or verification of illness precludes successful completion of the student’s academic course work, the student may withdraw from all course work. Normally, a withdrawal from college will result from the student’s voluntary efforts. In exceptional circumstances, a student may be required to leave the college involuntarily until the circumstances have been resolved. In accordance with college policy and applicable federal and state laws, a student whose behavior or health status meets the established criteria may be subject to an involuntary medical leave. In cases where a student has a documented medical condition or emergency and the set refund date has passed, refunds may be approved on a case-by-case basis.

Should the student choose to appeal the involuntary medical leave decision, the student will make such appeal in writing, as described within section 5.72C of Article V: Student Policy. The decision of the Dean of Students is final.

5.04 PREFERRED NAME

Students may choose to be identified by a first name other than their legal name while attending Mineral Area College. A student can add a preferred first name by submitting a preferred name change form, found on MyMAC under the student tab. The college is not required to display the student’s legal name due to business or legal requirements. The preferred name change will be reflected in all Mineral Area College computer systems where technically feasible.

Mineral Area College reserves the right to deny or remove any preferred name, with or without notice, for any reason including but not limited to misuse, misrepresentation, attempting to avoid legal obligation or the use of derogatory language.

ARTICLE V - STUDENTS

PREFERRED NAME – CONTINUED

The student's preferred name will be used in lieu of their legal name on class rosters, College Park rosters, student identification cards, diplomas and other locations where the legal name is not required.

A student's legal name will be used on transcripts, state or federal reports, payroll documents, financial aid, enrollment and degree verification, official lists of students available to the public and other records where the student's legal name is required by law or Mineral Area College policy.

Family Educational Rights and Privacy Act (FERPA) allows for a student's name, including the preferred name, to be disclosed to the public as directory information unless the student submits a FERPA restriction form to the Registrar's Office.

Students may change their legal name used by the college by submitting a Name Change Form along with a copy of court documentation to the Registrar's Office.

Communicable Disease Policy

Missouri Revised Statutes 199.290 and 174.335 mandates that all higher education institutions in Missouri implement a targeted testing program for tuberculosis on their campuses for all on-campus students upon matriculation. All MAC students who are determined through the admissions application to be at risk of tuberculosis will be required to be TB tested. Testing can be done at any local county health department. Any student who does not comply with the targeted testing program shall not be permitted to maintain enrollment at the institution until they provide test results to the Admissions Office.

All students residing at College Park Housing will be required to have received the meningococcal vaccine unless a signed statement of medical or religious exemption is on file with the Admissions or College Park Housing Office. A student shall be exempted from the immunization requirement of this section upon signed certification by a physician indicating that either the immunization would seriously endanger the student's health or life or the student has documentation of the disease or laboratory evidence of immunity to the disease. A student shall be exempted from the immunization requirement if he or she objects in writing to the Dean of Students that immunization violates his or her religious beliefs.

Decisions regarding restrictions on modifications of academic activities and/or access to facilities or programs as a result of a communicable disease will be made on a case-by-case basis, when possible, depending upon the type and nature of the communicable disease, the nature of the academic activities, access to facilities or programs, and the risk to the health of the individual or others. Such restrictions or modifications may include, among other things, changes in course format, restricted access to facilities and/or programs. 5.31 ATTENDANCE

Faculty may drop a student for excessive absence or lack of participation according to course syllabus or after two weeks of consecutive absences during the first 75 percent of the semester or term. For exact dates, see Important Dates on the Mineral Area College website.

Individual faculty members may define lack of participation differently. The student is responsible for being aware and adhering to the attendance policy for each course as defined in the course syllabus.

The student may receive a “W” on the transcript if they are dropped after 12.5% of the term.

Students should also be advised that they will not be able to drop a class, nor will a faculty member be able to drop for non-attendance after 75 percent of a term or session is completed. Students should refer to the current Important Dates to determine the exact date when drops for non-attendance may be completed.

For absences due to school-related activities such as athletic games, music performances, field trips, and student conferences, etc., an electronic notice will be posted on MyMAC by the Dean of Students office stating who is to be excused and for what period of time.

5.32 ADDING AND DROPPING COURSES

Adding a Class

Students are allowed to add classes online based on the length of the course. For a regular, 16-week semester, students are allowed to add classes through the second class meeting. Students may add web courses during the first two days of the 16-week semester. Enrollment is allowed for accelerated classes, or sub-terms, on a prorated basis. Restricted classes require instructor’s signature.

After the second class day, students must add classes in person in Student Services, or any Outreach Center, and should contact the Business Office the same day the class is added to make payment arrangements for the additional classes. Students are not allowed to sit in classes they have not registered and paid

for. Students who attend class without officially registering or following prescribed procedures for adding a class will not receive credit for the class.

Dropping a Class

Unless otherwise indicated for specific programs, students may officially drop a class, online or in person, up to the time that 75% of the term or semester is completed. After 75% of the term or semester is completed, students will not be permitted to drop a class and will be issued the grade earned. The date of the drop will determine if a refund is due. Refund schedules are published under My Account Info in MyMAC. Courses that are dropped during the first 12.5% of a term are not entered on the student's permanent record. Drop dates/refunds are prorated for terms less than 16 weeks.

Students may drop online by submitting a student drop form electronically. It is strongly recommended that students speak to their instructor prior to dropping a class.

Instructors may drop students for excessive absences or lack of participation. Please see "Administrative Withdrawal" for more information.

If a student drops all classes in a given term, it is considered a withdrawal from the college. Please see "Withdrawal from College" for more information.

It is the student's responsibility to drop a course. Any informal arrangements made with the instructors or other college staff members may result in a failing grade as well as financial liability for all charges incurred for the course. If a student stops attending/participating in a class, it is strongly recommended that they initiate a drop. There is no guarantee that an instructor will drop a student. If entitled to a refund, the refund due will be posted to the student's bank account on record or issued paper check by the Business Office. Students who receive any type of financial assistance or Veterans Affairs benefits should notify the Financial Aid Office before withdrawing from courses.

5.33 ADMINISTRATIVE WITHDRAWAL FROM CLASS

Faculty may drop a student for excessive absences or lack of participation according to the course syllabus or after two weeks of consecutive absences occurring during the first 75% of the semester or term. Individual faculty members may define excessive absences/lack of participation differently.

The student is responsible for being aware of and adhering to the attendance policy for each course. Students who have not contacted their instructor after the

seventh day of a 16-week semester or by the third day of a summer term may be administratively dropped by their instructor. There is no guarantee, however, that a student will be dropped. Therefore, if a student wishes to drop a class or withdraw from the college, it is strongly advised that the student initiate the drop/withdrawal to avoid receiving a punitive grade of "F" for the course(s). In addition, an administrative drop may be processed for a student who fails to meet corequisite or prerequisite requirements for a course.

Once a student has registered for classes, the student is responsible for paying tuition and fees, even if the student never attends classes. The student must complete the drop/withdrawal process within the refund period of each term in order to receive a refund of paid tuition or remission of indebtedness if tuition has not been paid.

For absences during school-related activities such as athletic games, music performances, and field trips, an electronic notice will be posted on MyMAC by the Dean of Students office stating who is to be excused and for what period of time.

Students may be administratively withdrawn from classes as a result of disciplinary action imposed due to a violation of student conduct.

Also, see section 5.31, Attendance.

5.34 COMPLETE WITHDRAWAL FROM COLLEGE

When a student stops attending all classes or withdraws from the one and only class in which they are enrolled, a Withdrawal/Exit Form must be submitted to the Registrar's Office. The date the official withdrawal request form is submitted to the Registrar's Office (or postmark date of withdrawal requests submitted by mail) shall be the date used in determining the refund of fees and assignment of grades.

Courses dropped during the first 12.5% of the semester are not entered on the student's permanent record. After 12.5% of a semester has passed, up to the time that 75% of the term or semester is completed, regardless of whether the student was passing or failing at the time, a "W" (withdrawal) will be entered on the student's record. A withdrawal submitted after 75% of a term has passed will result in a grade or grades of "F."

ARTICLE V - STUDENTS

COMPLETE WITHDRAWAL FROM COLLEGE – CONTINUED

Students are expected to complete the courses for which they register. Failure to properly drop or withdraw from classes may result in the assignment of an “F” for those classes, as well as a possible financial obligation.

Students should refer to the current Important Dates at <https://www.mineralarea.edu/current-students/registrationregistrar/> to determine the exact date when classes may still be dropped with a grade of “W.”

5.35 RELEASE OF ACADEMIC INFORMATION FOR DECEASED STUDENTS

The academic record of a deceased student may only be released upon receipt of a written request submitted to the Registrar by the next-of-kin, executor of the estate, or holder of power of attorney. The Registrar reserves the right to deny any request based on the merit of that request.

Each request must be submitted in writing which lists the student’s name, social security number or student ID number, date of birth and a copy of the death certificate or obituary notice.

The requestor must provide their name, address, phone number, reason for request, documentation of the relationship of the requester to the deceased, and a physical signature.

5.36 CANCELLATION OF CLASSES

The college reserves the right to cancel classes due to unforeseen circumstances such as insufficient class enrollment, the availability of qualified instructors, and/or appropriate facilities.

Students who enroll in a class that is later canceled will have an opportunity to add a different class by the deadline as noted on the important dates calendar.

5.37 CONFIDENTIALITY OF STUDENT RECORDS

All offices and departments of the college that collect and maintain academic, financial, academic advising, personal counseling, disciplinary, placement, and other information about students will comply with the Family Educational Rights and Privacy Act (FERPA) of 1974, as amended, in regard to release of student information.

GRADING SYSTEM – CONTINUED

An “R” indicates the student has retaken a given course, and the grade received is the one that is used to calculate the student’s cumulative grade point average and fulfill degree requirements.

Once a grade is recorded in the Registrar’s Office, it is a permanent grade. Changes cannot be made unless the instructor has made an error in calculating the grade, and any changes must be approved by the Provost.

Grades are available to students via MyMAC on the college website. All submitted grades become part of the student’s official record (transcript) and are used in the computation of both the semester grade point average and the student’s cumulative grade point average.

Computing Grade Point Average

The grade point average for any period is obtained by dividing the total number of grade points earned by the total number of credit hours attempted during that period. Courses in which a student receives a grade of I, W, AU, P, CR, WC, and WIP, receive no numerical value and are not included in the grade point average.

Incomplete Policy

The grade of “I” (Incomplete) may be assigned by an instructor when a student is doing passing work but has not completed a small portion of the required course work by the conclusion of the term, due to extenuating circumstances. The Incomplete Grade Request form must be signed by both the student and instructor and filed with the Provost. Requirements for completing the course to receive a grade are specified in detail by the instructor on the Incomplete Grade Request form. A grade of Incomplete may not be assigned in order to give a student a chance to do more work or improve a grade. An “I” may not be used to permit a student to repeat a course or to improve a grade. Students may not re-enroll in courses in which they have received an “I” grade.

The deadline for removal of an Incomplete is one year from the first day of the term in which the Incomplete was recorded, unless a shorter period of time is specified by the instructor. The deadline determined by the faculty member must be specified on the Incomplete Grade Request form, which is available on MyMAC. A copy must also be provided to the student. No extension will be granted for more than a full calendar year from the deadline. Requests for extension of time should be submitted in writing to the Provost. If an Incomplete is not cleared within the specified period of time, the Incomplete grade will be converted to the grade of “F.” This is a manual conversion process by the Registrar’s Office. Incomplete grades are not eligible for withdrawals.

5.42 SEMESTER HOUR LOAD

The maximum course load for the fall and spring semesters is 20 credit hours. The maximum course load for the summer term is 9 credit hours. Students with a superior scholastic record may be permitted to register for more than the recommended maximum with the Provost's approval.

5.43 TRANSCRIPT OF CREDIT

A fee, established by the Board of Trustees, is required for officially produced transcripts.

Letters of recommendation, certificates of attendance, and other official documents, excluding transcripts, will not be made available to any student who is financially indebted to the college.

Due to the confidentiality of records, official transcripts will be released only upon the student's electronic request found on the Mineral Area College website.

5.44 CLASSIFICATION

Students will be classified consistent with the specifications of the Coordinating Board for Higher Education, State of Missouri.

Full-Time Classification

A student enrolled in twelve or more semester hours of course work for the fall/spring semesters and six or more semester hours of course work for the summer session.

Part-Time Classification

A student enrolled in one to eleven semester hours of course work for the fall/spring semesters and fewer than six semester hours of course work for the summer session.

Freshman

A student who has 0-30 semester hours of course work.

Sophomore

A student who has satisfactorily completed 30 or more semester hours of course work.

5.45 TEXTBOOKS

Students are required to purchase textbooks and other resources assigned in the course. Textbooks and resources can be purchased through the MAC Store. Additional textbook information is included in the course syllabi and found online at the MAC Store website.

5.50 COURSE REPETITION

A student who has earned a grade of “B” or below in any given course may repeat the course. When a course is repeated the original grade and all grades for each attempt are recorded on the transcript. MAC will use the highest grade to calculate the GPA and fulfill degree requirements. All other attempts of the repeated course are forgiven when the semester and cumulative statistics are calculated.

Students may not repeat a lower level course that serves as a prerequisite for a course that was already completed by the student with a “B” or better.

Students may not repeat courses that are no longer offered at MAC. For financial assistance eligibility, all course attempts will count toward maximum hour limits and completion ratio. Financial aid regulations may prohibit students from receiving funding for repeating a course. It is recommended that students should check with the Financial Aid office before repeating a course.

5.51 AUDITING COURSES

Students who choose to audit a course must enroll and pay for the course. However, audits carry no credit hours. Students must declare or enroll as an audit on or before the first day of the semester or term. Once registered, students may not change their registration status to credit. An “AU” grade appears on the transcript and does not count in the computation of the GPA. Students auditing a course must meet course prerequisites.

Audited courses do not count toward graduation requirements or satisfy prerequisites for other courses. Normally, an auditor attends the course on a regular basis but is not required to take examinations or complete homework assignments. Fees are the same for audited courses as for credit courses. Financial assistance does not apply to audited courses and audited courses do not count towards full- or part-time enrollment status. Students, including auditing students, are not allowed to sit in classes they have not registered and paid for.

5.60 OPTIONS FOR RECEIVING COLLEGE CREDIT

Mineral Area College endorses the educational philosophy that a student may have achieved college-level proficiency in certain areas. Mineral Area College establishes the following guidelines for granting credit by examination and/or educational experiences in the armed services, business or industry, or other institutions.

5.61 COLLEGE CREDIT BY EXAMINATION OR OTHER EDUCATIONAL EXPERIENCES**A. Types of Credit by Examination or Other Educational Experiences**

1. Credit by Examination: Procedure for granting credit by examination will be determined by the departments in consultation with appropriate administrators. Only currently enrolled students are eligible to receive credit by examination.
2. Credit for Educational Experience in the Military: The basis for awarding college credit for education experiences in the armed services will be determined by reviewing A Guide to the Evaluation of Educational Experiences in the Armed Services.
3. Credit for Work Experience: Procedures for granting college credit for educational experiences in business or industry are to be determined by the departments in consultation with appropriate administrators.

The policy for granting college credit under these guidelines will be administered by the Registrar with cooperation from the appropriate administrator. Credit will be recorded on the student's permanent record with appropriate notation.

An evaluation and/or administrative fee will be charged at the time an official evaluation is requested and/or credit is granted.

There is no assurance that credit earned by examination will be accepted by another institution of higher learning in transfer.

B. College Level Examination Program (CLEP)

The College Level Examination Program evaluates knowledge gained through reading, job experience, non-college training programs, etc. The program is sponsored by the College Entrance Examination Board. Students may earn credits for general or subject examinations. Credits must be applicable in students' programs of study. Students should check

with the Registrar's Office or the Mineral Area College website before taking the examination to determine requirements for credit. A list of all accepted exams are published on the Mineral Area College website.

C. Concurrent Course Credit

Mineral Area College may cooperate with other institutions in the development of courses for college credit.

1. The policy for granting college credit under these guidelines will be administered by the Registrar with cooperation from the Provost.
2. College credit hours equivalent to a normal college semester may be granted under these guidelines.
3. Appropriate registration fees will be charged at the time credit is requested and approved.

D. Advanced Placement Program (AP)

MAC accepts advanced placement (AP) scores of 3 or higher for credit. Students who successfully completed the Advanced Placement Examination may receive credit in their programs of study in history, biology, chemistry, math, English, physics, and foreign languages. Students should forward the results of the AP exams through the College Entrance Examination Board to the registrar at MAC. A grade of CR will be assigned for AP credit, but such credit is counted toward graduation requirements on the same basis as credits earned in the classroom. There is no assurance that another institution of higher learning will accept advanced placement credit.

A list of accepted exams is published at www.MineralArea.edu

5.63 DEAN'S LIST

The Dean's list will be made public and noted on the student transcript at the end of each semester (excluding summer) for which a student qualifies and is based on the semester institutional statistics (transfer work is not included). 5.65 GENERAL EDUCATION BLOCK

Core 42

In accordance with the transfer policy of the Missouri Coordinating Board of Higher Education, Mineral Area College offers the CORE 42 block of general education classes that is part of the Associate of Art degree. If the student graduates with the Associate of Art degree and then transfers to another

ARTICLE V - STUDENTS

GENERAL EDUCATION BLOCK – CONTINUED

participating school in the state, the receiving institution should accept the Mineral Area College CORE 42-hour block as equivalent to their own 42-hour general education block. In a similar manner, if a student transfers to Mineral Area College with certification of a completed CORE 42-hour general education block from another participating institution, the student will not be required to take any additional general education courses at Mineral Area College unless they are needed to fulfill a requirement of the student's major or degree. Students who transfer before completing the requirements of an associate degree but who have completed the CORE 42- hour general education block will have a notation on their transcript as having completed the General Education Block.

Courses taken in addition to general education block requirements should be carefully chosen to ensure each course applies to the baccalaureate graduation requirements for the program of study at the college or university to which the student intends to transfer. It is the student's responsibility to become familiar with the specific major and graduation requirements of the baccalaureate institution to which the student intends to transfer.

5.68 PETS ON CAMPUS

Pets on Campus Properties

Pets are defined as any animal that is not a service animal or an emotional support animal and are not allowed on the Mineral Area College campuses.

5.69 SERVICE/EMOTIONAL SUPPORT ANIMAL POLICY AND PROCEDURES

The presence of service animals and emotional support animals assisting students with disabilities at Mineral Area College's campuses is consistent with the provisions of this policy. It is in accordance with the Americans with Disabilities Act (ADA), and in compliance with the U.S. Department of Housing and Urban Development (HUD).

A. Service Animals

Mineral Area College has adopted the following definition of a service animal from the U.S. Department of Justice. "A service animal is defined as a dog or miniature horse individually trained to do work or perform specific tasks for the benefit of an individual with a disability, including, but not limited to, guiding individuals with impaired vision, alerting individuals who are hearing

SERVICE/EMOTIONAL SUPPORT ANIMAL POLICY AND PROCEDURES - CONTINUED

impaired to intruders, pulling a wheelchair for a person, or fetching dropped items for a person with limited mobility.” Animals that meet this definition are considered a service animal regardless of whether or not they have been certified by a training program. The college may not insist of proof of certification before permitting the service animal to accompany the person with a disability. Service animals must be permitted to accompany a person with a disability to college activities and programs. A service animal is generally permitted to be on college property in any place where the animal’s handler is permitted to be. In certain limited situations, a service animal may be prohibited for safety and health reasons. If it is not readily apparent that an animal is trained to help, the college may ask whether the animal is required because of disability and what work or task the animal has been trained to perform.

B. Emotional Support Animals

Emotional support animals are recommended by licensed doctors or therapists to promote the well-being of their clients and are not covered by the ADA. Emotional support animals are covered under the Fair Housing Act. Emotional support animals are not service animals. The student will be asked to provide documentation from a licensed doctor or therapist showing a link between the student’s disability, “that substantially limits one or more major life activities,” and the need for the animal. The documentation will be given to the Access Office for approval as an accommodation. In certain limited situations, an emotional support animal may be prohibited for safety and health reasons. Emotional support animals must be contained in the handler’s residence.

C. Handler Requirements

- The handler shall be in full control of the service animal or an emotional support animal at all times.
- The service animal or emotional support animal must be on a leash at all times unless the handler is unable to use a leash or if the animal must perform a task without the use of a leash. The service animal or emotional support animal must be under voice control.
- The service animal or emotional support animal must be housebroken. Food and care of the animal is the responsibility of the handler.
- Service dogs and emotional support animals shall wear a vaccination tag. All animals must have current and appropriate vaccinations for that type of animal, as well as, necessary medications to prevent

insects. The college reserves the right to ask for proof of vaccinations and/or receipts of preventative medications.

- D. Service/Emotional Support Animal Accommodation Requests
Students are strongly encouraged to reach out to the Access Office to ensure their experience in bringing the animal to campus goes smoothly. Advance notice of a service or emotional support animal for College Park may allow more flexibility in meeting a student's needs. The Access Office can be contacted by phone at 573-518-2152 or email at access@mineralarea.edu.
- E. Appeals and Grievances
Each situation will be considered on an individual basis. Appeals and grievances may be made using college grievance procedures. Information about and copies of all applicable college procedures may be obtained by contacting the Dean of Students:

Mineral Area College
5270 Flat River Road
Office AS119
Park Hills, Missouri 63601

If the service or emotional support animal's behavior fundamentally alters the college's programs, activities and services, poses a direct threat to the health or safety of others, or displays threatening behavior toward others, the college may ask that the service animal be removed.

- A. Mineral Area College shall sponsor a variety of student activities ranging from cultural and social to recreational events.

5.71 STUDENT CONDUCT

- A. Mineral Area College is dedicated to the philosophy and objectives of providing a quality, affordable education to the community. The college places a high value on the safety of all students who attend, study, or reside at this college. Whenever these purposes are threatened by student misconduct, appropriate disciplinary action must be taken. Discipline shall be exercised when the student's misconduct adversely affects the college's pursuit of its educational objectives or infringes on the public safety concerns of the college.
- B. When a student is charged with misconduct based on a violation of college rules, regulations, policies, procedures, or criminal law, the charge shall be administratively processed in accordance with the following policy and procedure in order to provide for student due process rights and to safeguard the college's interests.

The student due process procedure is administrative in nature. As such, a student may choose at their own expense to consult with an attorney outside the parameters of any administrative due process meeting or hearing, but legal representation may not actively participate within such student due process meetings or hearings. When the misconduct stems from a violation of College Park policies or procedures, it will be processed in accordance with Section XVIII, Resident Due Process Policy for College Park, and section 5.72(D) of this article. Violation of College Park policies or procedures may result in disciplinary action by the college, referral to the criminal justice system for prosecution, or both, as these functions are not mutually exclusive.

ARTICLE V - STUDENTS

STUDENT CONDUCT - CONTINUED

- C. Disciplinary action may be imposed on a student for:
 - 1. Conduct that represents a violation of college rules, regulations, policies, or procedures, or otherwise jeopardizes the safety and good order of college and its students and staff and/or

- D. Provisions related to disciplinary action shall be published and available to students, faculty, and staff.
- E. A student's misconduct may result in disciplinary action by the college, or referral to the criminal justice system for prosecution, or both, as these are not necessarily mutually exclusive. In instances where the student misconduct represents a violation of one or more criminal laws, as well as a violation of college rules, regulations, policies or procedures, the college may elect to provide temporary student due process, withholding finalization of student due process until the adjudication of criminal charges through the criminal justice system.

Student discipline may also be imposed for acts occurring away from the college and which are not related directly to college activities, when it is determined by the college that the student's conduct materially disrupts the educational process, or as otherwise permitted by law.

The Dean of Students may at any time temporarily suspend or deny readmission to a student from pending formal procedures when the Dean of Students finds and believes from available information that the presence of a student on campus would seriously disrupt the college or constitute a danger to the health, safety, or welfare of members of the college community.

- F. **Forms of Disciplinary Action**
The following represent the range of disciplinary actions available to the college when a determination has been made that one or more students has committed an act or acts of academic and/or behavioral misconduct.

5.72 STUDENT DUE PROCESS

A. Student Due Process for Academic Misconduct

1. When the incident in question is academic in nature, the instructor of the class where the alleged misconduct has occurred will contact the student and issue a writ of Academic Integrity within five working days of the incident.

Should the student contest the charge, the student may appeal within five business days to that department's Coordinator who will conduct

ARTICLE V - STUDENTS

STUDENT DUE PROCESS - CONTINUED

an inquiry and who will issue a decision. Should the student wish to appeal the Department Coordinator's decision, the student may appeal within five business days to the Division Chair.

2. The Division Chair will conduct an inquiry into the alleged academic violation(s) and render a written decision based on those findings. In the event that the Division Chair determines no academic misconduct has occurred, a written notice of that conclusion will be issued to the student, and due process is thereby concluded. In the event that the Division Chair determines that academic misconduct has occurred, the student may appeal within five business days to the Provost.
3. The Provost will conduct an inquiry into the alleged academic violation(s) and render a written decision based on those findings. In the event that the Provost determines no academic misconduct has occurred, a written notice of that conclusion will be issued to the student, and due process is thereby concluded.

In the event that the Provost determines that academic misconduct has occurred, the Provost will determine the appropriate disciplinary action(s) that will be imposed. Any disciplinary decision below the level of suspension or expulsion is at the discretion of the Provost invoking that discipline and represents the completion of student due process.

4. In the event the Provost invokes suspension or expulsion as the disciplinary action, the student may elect to appeal that decision within the guidelines of the appeal process as identified within section 5.72 (C) Appeals within Student Due Process.

B. Student Due Process for Behavioral Misconduct

1. All allegations of student behavioral misconduct will be referred to the Dean of Students for resolution under the guidelines of this policy. In the event that the allegation of misconduct is so serious that in the discretion of the Dean of Arts and Sciences or Dean of Career and Technical Education it is believed that immediate temporary action is necessary to preserve the mission and/or public safety interests of the college while student due process is pending, then that authority is reserved to the judgment of that respective dean. In that event, final action will be referred to the Dean of Students under the guidelines of this policy.

ARTICLE V - STUDENTS

STUDENT DUE PROCESS - CONTINUED

2. When the allegation involves behavioral misconduct, student due process originates with the Dean of Students. In instances where the student misconduct represents a violation of one or more criminal laws, the Dean of Students may elect to provide temporary student due process, withholding finalization of student due process until the adjudication of criminal charges through the criminal justice system. This temporary student due process may involve discipline up to and including temporary suspension of a student from the college.
3. Upon notice and/or discovery of an allegation of behavioral misconduct, the Dean of Students will issue to the student(s) a notice of inquiry into an allegation of behavioral misconduct involving that student. The notice will identify the specific behavioral misconduct allegation(s) made against the student, will refer the student to Article V of the College Board Policy Manual for details of student misconduct and the due process procedure, and will provide the student with the opportunity to respond in writing to the allegations. The notice will also indicate that reasonable efforts to conclude the inquiry within fifteen (15) business days will be made, but this time period may be extended as necessary if, in the judgment of the Dean of Students, circumstances within that process warrant further time to reach its conclusion.
4. The Dean of Students will conduct an inquiry into the alleged behavioral violation(s) and render a written decision based on those findings. In the event that the Dean of Students determines no behavioral misconduct has occurred, a written notice of that conclusion will be issued to the student, and due process is thereby concluded. In the event that the dean of the respective division determines that behavioral misconduct has occurred, that dean will determine the appropriate disciplinary action(s) that will be imposed. Any disciplinary decision below the level of suspension or expulsion is at the discretion of the Dean of Students, and represents the completion of student due process.

C. Appeals within Student Due Process

Only disciplinary decisions involving suspension or expulsion are subject to appeal. All other forms of discipline invoked by a dean

1. Under Article V of the College Board Policy Manual constitute the completion of student due process.

ARTICLE V - STUDENTS

STUDENT DUE PROCESS - CONTINUED

2. When the decision rendered involves a suspension or expulsion, the student may be eligible to appeal that decision in writing as described within section 5.72(C) of this policy.
3. Grounds for Appeal
 - a. All grounds for appeal of disciplinary decisions involving suspension or expulsion must meet one or more of the following criteria. Students electing to appeal under one or more of these grounds bear the responsibility for adequately demonstrating that this requirement has been met within the content of the student's written request for appeal. The filing of this appeal is the responsibility of the student who has elected to appeal the disciplinary decision of the dean, and that appeal must be filed with the dean originating the disciplinary decision within five (5) business days of notice of the disciplinary decision.
 - b. The grounds for appeal of disciplinary decisions involving suspension and/or expulsion are limited to one or a combination of the following grounds for appeal:
 - i. A procedural error has occurred, and if not corrected, will impact the outcome of the sanction.
 - ii. New evidence (not previously considered and germane to the issue) has been uncovered, and if introduced is likely to have an impact on the outcome of the proceeding.
 - iii. One or more of the sanctions handed down are outside the parameters of this policy or are unreasonable in light of the alleged conduct.
4. Student Responsibilities in Filing an Appeal

The student is responsible for articulating in writing the grounds under which the appeal is being filed and must provide information of sufficient content, detail, and scope that justify the grounds for appeal used in this process. This appeal must be filed with the dean invoking the original discipline within five (5) business days of the notice of disciplinary action, or the student is deemed to have waived further right of appeal.
5. Review of Request for Appeal
 - a. In the event the request for appeal involves academic misconduct, the decision of the dean, with respect to the request for appeal, represents the completion of student due process.
 - b. In the event the request for appeal involves behavioral misconduct that has resulted in suspension or expulsion, the Dean of Students will refer the request for appeal to the Chair of the Student Welfare and Conduct Committee (SWCC). The Chair of the SWCC is

ARTICLE V - STUDENTS

charged with the responsibility for determining if a reasonable belief exists that grounds for the appeal have been met, and that sufficient information is provided to justify granting the request for appeal. Dissatisfaction with the discipline invoked by the Dean of Students shall not be grounds for appeal.

- i. In the event the review by the Chair of the SWCC does not find adequate grounds for appeal within the written request, the appeal is denied. In that event, student due process is completed.
- ii. The hearing will be granted at the regular meeting date and time of SWCC as determined by the SWCC chair unless an emergency meeting date is requested by the Dean of Students. If an emergency meeting is requested, the SWCC chair will work in earnest to find a new meeting time that allows all necessary parties to attend as soon as possible.
- iii. The goal of the SWCC is to render a student due process decision that will take one of two forms:
 - The SWCC may find cause for the discipline, thereby upholding the decision of the Dean of Students, or
 - The SWCC may not find cause for the discipline, thereby reversing the discipline imposed by the Dean of Students. In that event, this represents the completion of student due process.
- iv. The appeal will be heard by a minimum of five (5) members of the SWCC committee: one faculty member from Arts and Science, one faculty member from Career and Technology, one full-time member from student services, one administrator other than the Dean of Students, and the SWCC Chair.

D. Student Due Process for Violations of College Park Policy

The guidelines and student due process for violations of College Park policy shall generally follow those outlined in section 5.72(B) and (C), with the exception that qualified appeals of College Park discipline shall be referred to the Dean of Students, who will review the appeal for eligibility and merit, issuing a written decision to the student filing the appeal within five (5) business days of receipt of the appeal. Students filing an appeal of College Park discipline must meet the eligibility guidelines and time limits established under section 5.72(C). Only those disciplinary actions involving eviction from College Park are eligible for the appeal process, under the provisions listed in section 5.72(C)3b.i-iii. Appeal decisions by the Dean of Students are final and represent the completion of student due process under this section.
4. In instances where the student misconduct represents a violation of one or more criminal laws, as well as a violation of College Park policies or procedures, the Dean of Students may elect to provide temporary student due process, withholding finalization of student due process until the adjudication of criminal charges through the criminal justice system. This temporary student due process may involve discipline up to and including suspension of a student from residing or visiting the College Park premises, and/or temporary suspension from the college.

5.74 SOCIAL MEDIA

Mineral Area College embraces and strives to uphold the freedoms of expression and speech guaranteed by the First Amendment of the U. S. Constitution and the State Constitution. The college has the right, when reported, under the above circumstances to regulate the time, place, and manner of exercising the judicial process when a student's constitutionally protected rights are violated.

In determining whether student use of social media violates Mineral Area College policies and/or the local, state and federal laws or rights of others, all relevant facts and circumstances shall be considered. Careful examination of the Student Code of Conduct, Student EMail/Computer Systems and Network Use Policy and other college policies will be exercised prior to any action in order to preserve freedoms of speech, and expression, as articulated in current legal standards.

A student who uses any social media that violates the policies as defined in Article V, Section 5.71 is subject to disciplinary action as defined in Article V, Section 5.72.

ARTICLE V - STUDENTS

5.75 FREEDOM OF EXPRESSION

Mineral Area College values the freedoms of speech, thought, expression and assembly as part of our mission. The college is a place where all ideas may be expressed freely, and only limited where legal restrictions, dictated by law, are necessary to protect the rights of other members of the college community. This policy is written for implementation on all Mineral Area College campuses. For purposes of this policy the following terms are defined:

Event/Activity Sponsor: Any approved Mineral Area College student club or organization, department or division, college stakeholder or community member responsible for an event or activity.

Event/Activity: Any approved event or activity held on the college campus that allows for Freedom of Expression through peaceful, non-threatening, non-violent means that does not interrupt the normal operations of the college.

Rights

Anyone may distribute printed material, offer petitions for signature, make speeches, and hold protests or demonstrations outside the college buildings. All such activities must be peaceful, avoiding acts or threats of violence and preserving the normal operation of the college. No event shall infringe upon the rights or privileges of anyone who does not agree with it, and no one will be permitted to harm others, damage or deface property, block access to college buildings or disrupt classes. The enforcement of these conditions will not depend in any way on the message or sponsorship of the act or event. When guests are invited by a recognized campus organization, they may express their ideas not because they have a right to do so, but because members of the campus community have a right to hear, see, and experience diverse intellectual and creative inquiry. Controversy cannot be permitted to curtail the freedoms of speech, thought, expression or assembly.

Responsibilities

Freedom of expression must be taken very seriously. Those who exercise their freedom of expression, and their invited guests to events by college sponsored organizations are expected to uphold the college's educational mission by planning carefully to create safe and thoughtful experiences for those involved. Event sponsors are responsible for the behavior of their guests and should exercise due care to ensure that all participants abide by relevant college policies.

ARTICLE V - STUDENTS

FREEDOM OF EXPRESSION - CONTINUED

Planning Campus Events

Consistent with the rights and responsibilities outlined in this policy on Freedom of Expression, event sponsors must follow all applicable policies related to space reservation, use, safety and security, keeping in mind the responsibility to have campus police present for any event with 150 or more persons in attendance.

Event sponsors should consider the items below as guidance in planning campus events, recognizing that not all of the items below will apply to all events:

1. Approval of the event, its purpose, the identification of sponsors and co-sponsors, and contact information for those seeking further information should be sought from the office of the Dean of Students by completing the Request for Fundraiser/Activity Form. The form can be found on MyMAC.
2. A plan must be in place for promoting the event, including advance notice to relevant members of the community who may wish to co-sponsor, protest, or sponsor other events in response to the planned activity.
3. Where appropriate, a clear and detailed contract with outside speakers, artists, or suppliers of services must be provided to the Dean of Students, to ensure continuity of purpose and the ability of the event sponsor to reasonably control the event, consistent with the sponsors intent.
4. A plan for access to the event must be provided to the Dean of Students, including notifying the campus and college community of reserved seats, ticketing, queuing protocol, or other relevant details or restrictions well in advance of the activity.
5. A request for security before, during, and after events, managed in coordination with Department of Public Safety is required.
6. A plan for participation at the event must be provided to the Dean of Students that clearly outlines the planned ground rules for the event.

The Dean of Students office may assist in, or directly coordinate, some aspects of campus events, such as meeting with the sponsors preceding or following an event, or accommodating an opposing view at an alternative event. It is assumed that the spirit of campus community, both among people and groups with opposing views, as well as between event sponsors and staff, will foster communication and cooperation in the planning of campus events. Whenever possible, Student Services will work with the Department of Public Safety to notify occupants of buildings in advance of any potential disruption caused by such events.

The introduction of data or programs which in some way endangers computing resources or the information of other users (e.g., a computer worm, virus, or other destructive program), or which infringes upon the rights of other MAC users (e.g., inappropriate, obscene, pornographic, bigoted, or abusive materials) is prohibited.
8. Users may not attempt to circumvent security systems or to exploit or probe for security holes in any MAC network or system, nor may users attempt any such activity against other systems accessed through MAC's facilities. Execution or compilation of programs designed to breach system security is prohibited unless authorized in advance.

Privacy and Monitoring

The use of MAC computing resources is not completely private. It is the policy of the college not to monitor individual usage of computing resources. However, MAC reserves the right to monitor and record the usage of all computing resources as necessary to evaluate and maintain system efficiency, and may further monitor and record usage, including the disclosure of individual files. If MAC has reason to believe that activities are taking place contrary to this policy, or to MAC policy, or state or federal law or policy to respond to an administrative court or judicial court order to respond to a request for discovery in the course of litigation to respond to a public record request for files which are deemed public records under public records laws MAC may use information gained in this manner in disciplinary or criminal proceedings. In addition, state or federal law may require disclosure of individual computer files that are deemed public records under public records laws. Communications made by means of MAC computing resources are also generally subject to Missouri's Public Records law to the same extent as they would be if made on paper.

Legal Standards

All users are expected to abide by all Federal and State laws as outline below. All users of MAC computing resources must comply with all federal, state and other applicable laws; all generally applicable Board of Trustees and college rules and policies; and all applicable contracts and licenses. Users are responsible for ascertaining, understanding, and complying with the laws, rules, policies, contracts, and licenses applicable to their particular uses. MAC neither sanctions nor censors individual expression of opinion on its systems. However, the same standards of behavior are expected in the use of electronic mail as in the use of telephones and written and oral communication. Therefore, electronic mail, like telephone messages, must be neither obscene nor harassing. Similarly, messages must not misrepresent the identity of the sender and should not be sent as chain letters or broadcast indiscriminately to large numbers of individuals. This prohibition includes unauthorized mass electronic mailings. For example, email on a given topic that is sent to large numbers of recipients should in general be directed only to those who have indicated a willingness to receive such email.

Who May Not Use Computer Facilities

Entry into the computer system, including use of the infrastructure, by individuals not specifically authorized, or attempts to circumvent the protective mechanisms of the systems and files, programs, or any electronic information, is prohibited and may result in disciplinary, criminal or civil sanctions. Deliberate attempts to degrade system performance or capability, or attempts to damage systems, software, or intellectual property of others are strictly prohibited.

Prohibited Uses

It is prohibited to use MAC's computing resources in ways that:

1. infringe on another individual's right to privacy or otherwise adversely affect members of the user community;

3. violate college policies or local, state, or federal statutes;
4. allow unauthorized access to someone else's account, use of someone else's username and password, or unauthorized access of remote computers via MAC's network facilities;

6. cause intentional damage to hardware, software, network equipment, security devices, or other technology resources;
7. intentionally create or distribute viruses, worms or other forms of electronic malware;

Confidential Data

Users have varying access to electronic information that is sensitive and confidential. MAC considers the protection of such information and its electronic infrastructure from unauthorized use to be a key responsibility of all users. Failure to act in accordance with college guidelines may result in disciplinary and/or legal action.

- By law, certain institutional data may not be released without proper authorization. You must adhere to all applicable federal and state laws concerning storage, retention, use, release, and destruction of data. Users are encouraged to seek guidance from an appropriate supervisor, senior officer, or the chief information officer if it is unclear whether or not specific information is confidential.
- Users are responsible for the security, privacy, and control of data in their care, access privileges entrusted to them, and their username/password. Users must take every reasonable precaution to prevent unauthorized access to confidential data.

COMPUTER SYSTEMS AND NETWORK USE POLICY – CONTINUED

- Users must understand the definition of confidential information in the context of their job responsibilities and take steps to ensure that co-workers, staff, and student users understand existing statutes and policies (such as FERPA, HIPAA, Donor Bill of Rights, Digital Millennium Copyright Act, and college departmental guidelines that may supplement this agreement). Before granting access to confidential information you should be satisfied that a "need to know" is clearly demonstrated.
- Confidential or otherwise sensitive MAC information must not be stored, shared, or otherwise processed by a cloud computing service, unless the service enters into a legally binding agreement with MAC to protect and manage the data according to standards and procedures acceptable to the college.

Illegal Copying of Software and Other Copyrighted Materials

Copyright infringement and unauthorized access to digital materials may be grounds for legal action. MAC prohibits the illegal use of copyrighted materials as stated in the Digital Millennium Copyright Act (DMCA). MAC is committed to respond to lawful requests for information. MAC will not protect or defend a user against criminal investigations or lawsuits resulting from intentional copyright infringement.

Failure to Comply and Discipline

Faculty and staff users found to have violated this policy may be subject to disciplinary action for cause, up to and including termination of employment. Additional civil and/or criminal actions may be taken by governmental, law enforcement or private entities.

A student accused of violating this policy will be referred to the Dean of Students for action under the Student Code of Conduct, which may result in sanctions that include suspension or expulsion from MAC.
