

Tree Purchase Specifications

The Vendor shall supply a total of **42 trees** as specified below. All plant material must meet **American Standard for Nursery Stock (ANSI Z60.1)** guidelines and be healthy, vigorous, and free of pests, diseases, wounds, or structural defects.

1. Tree List and Specifications

Quantity	Common Name	Scientific Name / Cultivar	Minimum Size	Notes
8	Red Buckeye	<i>Aesculus pavia</i>	1" caliper, 4' height	—
14	Crabapple	<i>Malus</i> spp. 'Pinkfire'	2" caliper, 4' height	—
9	American Hornbeam	<i>Carpinus caroliniana</i> 'Native Flame'	2" caliper, 5' height	Preferred species
—	Alternate: Redbud	<i>Cercis canadensis</i> 'Flamethrower'	2" caliper, 5' height	Only if Hornbeam unavailable
11	Serviceberry	<i>Amelanchier</i> × <i>grandiflora</i> 'Autumn Brilliance'	2" caliper, 5' height	—
Total: 42 trees				

2. Container / Root Ball Requirements

- Trees shall be delivered as **balled & burlap (B&B)** or in **containers of adequate size** to support a 2" caliper tree, or a minimum of 10 gallon)
- Root balls must remain intact during shipping and handling.

3. Delivery and Timing

- Trees must be available for delivery or pick up no later than November 15th 2025.
- Vendor shall notify the Buyer at least **7 days in advance of delivery if delivery is an option.**

4. Substitutions

- Substitutions are not permitted except as listed (American Hornbeam may be substituted with Redbud 'Flamethrower' if unavailable).
- Any other substitution requires **written approval** from the Buyer before fulfillment but may effect evaluation.

5. Inspection and Acceptance

- All trees will be inspected at delivery by the Buyer or Buyer's representative.
- Trees not meeting specifications may be rejected at no cost to the Buyer.
- Payment will only be made for accepted plant material.
